1. STATEMENT OF CONTEXT AND PURPOSE

St Andrews Christian College (the **College**) is committed to protecting its students from all aspects of harm, and has established strategies, practices, policies and procedures to uphold this commitment.

The College's aim is to create an environment where students can receive a Christian education in a calm and Christ focused environment characterised by ethical behaviour and defined professional boundaries, and where they feel safe and supported by the College.

All policies, protocols and procedures flow from the St Andrews Christian College Mission Statement:

To educate our students so that they are well skilled, understand life on the basis of biblical truth, and are motivated to walk with God and serve Him in their lives, so that they will be a positive Christian influence in the world.

In accordance with its ethos, the College recognises that all students are made in the image of God (Genesis 1:26) and are, therefore, valued by God. Thus, they should be valued highly and safe-guarded by staff, their peers, visitors to the College, and family members. The care and protection of children is also a key principle in the teachings of Jesus Christ, who reserved His most severe condemnation for those who 'cause a child to stumble' or hinder them. The policies and procedural strategies we implement are the practical expression of our faith in Christ and desire to be faithful to His teachings.

The College takes a zero tolerance approach to any behaviours that jeopardise student safety and wellbeing (including all forms child abuse and reportable conduct). The College regards its student safety and wellbeing responsibilities with the utmost importance as it delivers a Christian educational program that promotes the College's Motto, Statement of Belief, Mission and Purpose.

This code is a child safety code of conduct made in accordance with Ministerial Order No. 1359 – Implementing the Child Safe Standards – Managing the Risk of Child Abuse in Colleges and the College Boarding Premises, and is part of the College's student safety and wellbeing framework.

This code reflects this approach and:

- a) Clearly establishes a list of acceptable and unacceptable behaviours by members of the College community towards our students, with the ultimate aim of protecting such students from harm.
- b) Offers guidance to College staff and informs them of considerations relevant to personal, professional and ethical decision making.
- c) Serves to protect our students, reduce any opportunities for abuse or harm to occur, and promote student safety and wellbeing in our College environment.
- d) Provides guidance on how to best support students and how to avoid or better manage difficult situations.

This code is part of a broader culture of student safety and wellbeing that is woven into the fabric of the College. As a community, our unified commitment to ensuring the safety and wellbeing of our students is paramount to our actions and decision making. As a College community, we are guided by a common commitment to what is acceptable and unacceptable behaviour to each other and when engaging with students.

This code is a child safety code of conduct made in accordance with Ministerial Order No. 1359 – Implementing the Child Safe Standards – Managing the Risk of Child Abuse in Colleges and the College Boarding Premises, and is part of the College’s student safety and wellbeing framework.

2. APPLICATION

This code applies to:

- a) All Board members, the Principal, employees, volunteers, contractors and other authorised personnel required to perform functions on the College's premises, or at College-organised activities and events. Collectively, these individuals are referred to as ‘staff’.
- b) Any other person who is engaged in student-connected work at the College, or that otherwise has direct and regular contact with the College’s students (whether supervised or not).

This Code is in addition to profession specific codes of conduct, such as the Victorian Institute of Teaching’s (VIT) Standards of Professional Practice and Code of Conduct for teachers that outline behaviours expected by all teachers in Victoria. College staff must also comply with other policies and procedures at the College that apply to them, including the Student Safety and Protection Policy.

3. RESPONSIBILITIES

Student safety and wellbeing is the responsibility of everyone at the College. For further information, refer to the Student Safety Responsibilities document.

4. COMPLIANCE

This Code takes into account the interests of all students who are educated at the College, and all College staff. This Code is intended to complement other professional or occupational codes of conduct that regulate particular staff at the College (for example, The Victorian Teaching Profession’s Code of Conduct by VIT).

5. POLICY

The College provides the following list of acceptable and unacceptable behaviours and boundaries to guide staff and make clear the College's expectation in relation to conduct at, or in connection with the College (including in the online environment).

Specifically, staff will:

DO

- Behave as a positive role model to students, including through words, conduct and actions.
- Promote the care, safety and welfare of students.
- Provide a learning experience which is consistent with the College's and relevant professional or occupational codes of conduct, which supports students to achieve their personal best, and takes into account individual learning and behavioural needs.
- Act consistently (both in person and in the online environment) with the College's student safety and wellbeing strategies.
- Treat all students and members of the College community with courtesy and respect (including by modelling positive, impartial, professional and respectful behaviour and relationships and acting in a manner that sustains a safe, educational and pastoral environment for students).
- Take all reasonable steps to protect students from harm (examples of which include, but are not limited to bullying, child abuse, discrimination, grooming, sexual harassment, neglect, sexual misconduct, sexual offences, physical violence, reportable conduct and victimisation).
- Be aware of and alert to risk factors related to and indicators of harm in students, and where appropriate, report such risks or indicators to the Principal, a member of the Executive Leadership Team, the Student Safety Officer (SSO) or Student Safety Champions (SSCs) and the relevant authorities.
- Provide appropriate supervision for students with regards to age, individual needs and the specific environment.
- Ensure, as far as is reasonably practicable, that staff are not alone with students unless it is necessary to fulfil the staff member's duty of care or professional duties.
- Comply with any directions, guidelines, policies, procedures and rules promoted by the College with respect to student safety and wellbeing.
- Respect personal differences (including differences regarding cultures, disability, ethnicity, gender, religion, race, political matters, gender diversity and sexuality) and encourage others to do the same.
- Promote the safety (including physical, social and emotional), participation and empowerment of students with a disability, or whom are vulnerable.
- Promote the cultural safety, participation and empowerment of linguistically and culturally diverse students.

- Promote the cultural safety, participation and empowerment of Aboriginal and Torres Strait Islander students to ensure equity is upheld and diverse needs are respected (for example, by never questioning their self-identification and by recognising the importance of such students relationships with their extended family and community, including Elders).
- Inform and empower all students about their rights, including in relation to safety, information and participation.
- In an online environment, identify and mitigate risks while ensuring students' rights to privacy, access to information, social connections and learning opportunities are upheld.
- Recognise that some students need extra care, and provide those students with support, advocacy or skills for the students to advocate for themselves.
- Encourage students to 'have a say' and participate, then listen to them with respect. In particular, listen and respond to the views and concerns of students, particularly if they are telling you that they or another student has been abused (or that they are worried about their safety or the safety of another student).
- Encourage and support students who raise safety concerns (including about actual and suspected child abuse or reportable conduct).
- Seek input from families in relation to decisions impacting students, and act to reduce barriers to inclusion taking into account the diverse needs of students and their families.
- Respect cultural, religious and political differences, and encourage others to do the same.
- Help provide an open, safe and supportive environment for all students to interact, and socialise.
- Intervene when students are engaging in inappropriate behaviours towards each other, or towards others.
- Promptly report any breaches of this code.
- Only communicate directly (in person, electronically, or through other means) with a student when the student is at College, or to directly assist with their learning if outside of College hours, unless there is an approved, professional context for additional contact.
- Report concerns about student safety (including actual or suspected child abuse or reportable conduct) to the Principal, the Executive Leadership Team, or to the College's SSO or SSCs.
- Ensure that your legal obligations to report allegations externally are understood and met.
- Ensure any response to a student's behaviour or circumstance is commensurate with the student's age and vulnerability (and the staff member's responsibility for the care, safety and welfare of the student).
- Be aware of and alert to the risk factors of behaviour in breach of this code or that otherwise pose harm to students, and promptly report such concerns to the College.
- Where an allegation of child abuse or reportable conduct is made, ensure (as far as it is quickly and reasonably possible) that the student(s) involved are safe.
- Call the Police on 000 if you have immediate concerns for a student's safety.

- Respect the privacy of others by not sharing personal information about a student (including any information that could be used to identify a student) unless necessary for their safety or to promote their wellbeing and educational experience. Where it is necessary to share personal information about a student, only do so in an environment where it will be treated confidentially.
- Understand and comply with the College's recordkeeping obligations.

However, staff must not:

DO NOT

- Engage in any form of inappropriate behaviour towards students (including by engaging in bullying, child abuse, discrimination, grooming, sexual harassment, victimisation, neglect, sexual misconduct, sexual offences, physical violence, reportable conduct or victimisation) or expose students to such behaviour.
- Create a circumstance that places a student at risk of the behaviour described above (for example, by locking doors).
- Use physical means or corporal punishment to discipline or control a student.
- Engage in any form of behaviour that has the potential to cause a student serious or significant emotional or psychological harm.
- Use prejudicial, oppressive behaviour or inappropriate language with or in the presence of students.
- Promote views on cultures, disability, ethnicity, gender, race, politics, gender diversity or sexuality in the presence of students (unless a valid professional context arises) or discriminate against any student based on such matters.
- Engage in open discussions of a mature or adult nature (such as those that are not professional or age appropriate, or which otherwise involve a staff member's personal views or personal life) in the presence of students without a valid professional context.
- Cross professional boundaries with a student, including without limitation by:
 - Developing 'special' relationships with students that could be seen as favouritism or something more (including by providing or offering gifts or special treatment).
 - Encouraging or suggesting that students keep secrets, or engage in any behaviour, regardless of the context, that would confuse professional boundaries, thereby exposing students to greater vulnerabilities.
 - Having electronic, online or private contact with students or their families (other than via the College portal or network) unless necessary to assist a student with matters of an academic, administrative or pastoral nature and conducted in a way that is authorised by the College.

- Engaging in unnecessary physical contact with a student unless it is necessary to fulfil a staff member's duty of care or professional duties. This includes doing things of a personal nature that a student can do for themselves (eg. toileting and changing clothes). Staff will document and report to the SSO or SSCs, any instances where they are required to have physical contact with a student.
- Using physical force (or the threat of physical force) or engaging in any other forms of physical violence towards a student, including inappropriate or unnecessary physical play.
- Exchanging personal contact details such as personal phone numbers, social networking sites or private email addresses with students, unless approved by the Principal.
- Meeting with a student in their home, or a location otherwise separate to the College, whether for educational purposes or otherwise, without the College's permission.
- Take, publish or disseminate (including online) photos, movies, videos or recordings of a student without parent consent.
- Use inappropriate language, jokes or gestures in the presence of students.
- Post online any information about a student that may identify them such as their: name, age, email address, telephone number, residence, College, or details of any association, club or group they may be affiliated with.
- Ignore or disregard student safety and wellbeing concerns (including allegations of actual or suspected child abuse of reportable conduct).
- Consume alcohol in the presence of students, unless at an official College function at which alcohol consumption by staff has been approved by the Principal.
- Attend the College, or College-related activities and events, whilst under the influence of alcohol or illicit substances, or whilst affected by prescription medication to the extent that the ability to perform professional duties is impaired.

6. STAFF AS PARENTS AND MEMBERS OF THE COLLEGE COMMUNITY

The College recognises that many staff have children of their own, and in any case will socialise with other adults who have children.

While this code is not intended to interfere with a staff member's right to a private life, working at the College requires a serious commitment to student safety and wellbeing.

Accordingly, in all aspects staff must conduct themselves in a way consistent with this code, including by avoiding in private situations (including on social media) which could be perceived as contrary to this code or involving a risk to student safety and wellbeing.

7. REPORT CONCERNS

Members of the College community (other than staff) who are aware of actual or suspect child abuse or reportable conduct, or who otherwise have concerns about a student's welfare, should immediately raise their concern directly with the College in accordance with the Responding to Student Safety Concerns Policy.

Other concerns can be raised in accordance with the College's Grievances Policy.

Staff should report any concerns about potential breaches of this code to the Principal (or the Board if the concern is about the Principal), and otherwise comply with the Responding to Student Safety Concerns Policy and the Student Safety and Protection Policy.

Whenever there are concerns that a student is in immediate danger, Victoria Police should be contacted on 000.

8. BREACH OF THIS CODE

The College emphasises the need for staff to fully comply with the requirements of this code.

Any College staff found to be in breach of the requirements of this policy may be subject to disciplinary action, up to and including termination of employment or engagement (as the case may be).
