

2023 Booklist Information

Dear Parents,

Please find attached the Years 7-12 Booklists for 2023. You will also find an attachment from Champion, our Bookseller, giving instructions on how to order. Booklists are also available online at Champion, [Campion Online Ordering Portal - St Andrews CC](#)

Students in Year 7 - 11 have received their allocated subjects or electives for 2023 via their school email. Students have also been provided a copy of the Blocking Sheet for 2023. There is opportunity for students to make changes to their program if they wish to do so, up to, and during the HeadStart Program. The final cut-off date for students to make changes to their 2023 Academic Program will be **Friday 10th February 2023**.

This year the HeadStart program will run from Monday 21st November – Friday 2nd December. On Monday 21st November a separate program will run, focused on feedback for the Semester 2 Examinations. **In order for students to have their text books in time for the HeadStart Program they will need to *submit their orders to Campion by Friday 14th October***. We encourage students to order the texts in time for HeadStart, but if this is not possible, the College will provide copies of all text pages students will require for the HeadStart Program.

There are a few reminders for Booklists:

- Students are required to purchase all items, relevant to their year level and subject choices.
- Due to delays with the Publisher of the Mathematics textbooks, the College will provide the appropriate digital resources and/or textbooks and charge these to the Student Fee Account.
- Advanced, General and Foundation Mathematics classes at Year 9&10 have yet to be finalized. We will advise parents of these allocations as soon as possible in Term 4.
- We strongly recommend you use our Booklist supplier *Campion Education* to ensure that the correct items are purchased. You will find all the relevant information for ordering on the front cover of the Booklist.
- If you also have a child(ren) in Prep to Year 6, their Booklist materials are supplied internally and a levy will be charged to your Student Fee Account. These fees will be advised when the books are to be purchased.
- The 2023 Booklists are also on our College website and on the HUB.

- For some VCE subjects textbooks/subscriptions required will be supplied by the school and charged to the Student Fee Account. This is indicated on the subject booklist.
- A TI-NSPIRE CX II CAS Calculator is compulsory for all Mathematics students from Years 9-12. A form is attached for purchasing this calculator, at a reduced price, through Haines Calculators
- A Laboratory Coat and Safety Glasses are compulsory for all Science students from years 7-12. Laboratory Coats can be ordered through the Campion booklist; however, we have also included a form from Haines School Calculators
- If you wish to source second-hand texts or sell current editions, we recommend
 - Sustainable Bookshop: <https://www.sustainableschoolshop.com.au>
 - Lilydale books: <https://www.lilydalebooks.com.au>
 - I love Books: <https://ilovebooks.com.au/>

Thank you for your understanding with this process and I greatly look forward to 2023 school year at St Andrews.

If you have any questions about booklists, please email Shu-Ling Loong (sloong@standrews.vic.edu.au) or call Reception at 8847 8300.

Sincerely,

John Presant
